Platform Posts

- Master Short-Form Writing
- Short posts can help you reach more readers by sharing quick stories, tips, and bite-sized insights.
- Extract your key messages
- Write ‘hooks’ that grab attention
- Format your posts for better engagement
- Create viral posts to attract new readers

Publication

- Create a publication that attracts and converts your target audience with a smart content system and a consistent publishing schedule.
- Develop an exceptional content management system
- Design your publication for success
- Position your publication for growth
- Write engaging, high-converting posts
- Leverage multimedia content

Collaboration

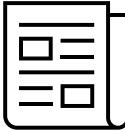

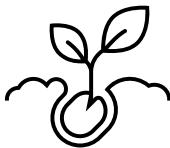

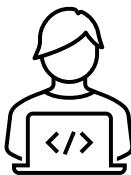

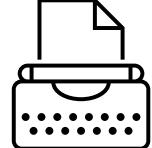

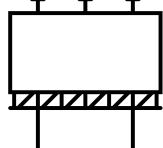

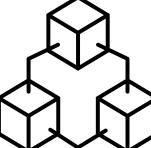

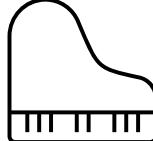

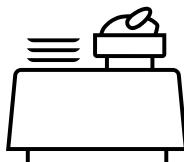

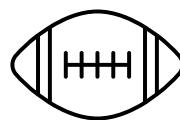

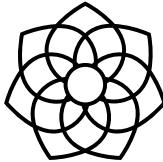

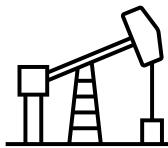

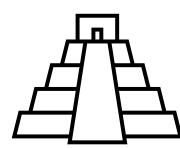

- Leverage effective shortcuts
- Collaborating with other creators is one of the simplest and most impactful ways to grow.
- Identify and evaluate potential partners.
- Develop your collaboration management system.
- Use newsletter recommendations.
- Organize DM conversations for maximum impact.
- Incorporate guest posts, interviews, and cross-promotions.

Monetization

- Get paid for your work
- Develop a strong monetization plan to increase your income through paid subscriptions on the platform.
- Create an irresistible paid offer.
- Regularly onboard paid subscribers.
- Build a profitable content funnel.
- Promote your paid tier without sounding salesy.
- Optimize your publication for monetization.

Building a business is much simpler and less stressful when you have a tested framework to follow.
